Importance: High

Hi Allison,

In all the hustle and bustle I may have forgotten to get these back to you. Please find signed contract and invoice attached. Is there a credit card authorization form I can fill out for payment?

Thanks and looking forward to this!

L.

Hi Lauren,

Attached are the initial contract and invoice for you to review. Please look them over and let me know if I need to make any change. The "damage deposit" referenced should be in the form of a credit card on file or a **separate check** (that will be held and not cashed, until the successful completion of your event). Please note, I am in the process of finishing up a multi-day international fisheries symposium and will not be back at my desk until Monday.

If all looks good, you are welcome to scan and email the contract back to me and call in with a credit card for deposit, or you may mail in the contract and invoice (to my attention) with a check. If you will be in the Sarasota area and would like to visit the space to discuss logistics, don't hesitate to let me know.

We are looking forward to your event. Please don't hesitate to let me know how I can be of further assistance.

Warm Regards,
Allison Whitten

Hi Allison,

After checking schedules they were wondering if January 28 was available for this meeting? And timing may be 6-10pm, so just a 30 minute shift later.

L.

Hi Lauren,

As of now, all Tuesday, Wednesday, and Thursdays are available in January 2020 from 5:30 - 9:30 in our WAVE Center. If you would like to move forward reserving a date, I would need answers to the following questions to put together a contract and invoice for you to review:

Contracting Guest's Name:
Contracting Business's Name:
Address:
Best Phone Numbers to Reach You:
Email Address:
Approximate number of guests: 200
Event Location: WAVE Center
Event Date: January
Event Day of the Week:

Mote Marine Laboratory & Aquarium
(941) 388-4441 ext 139

Thanks Allison!

This is very helpful! Unfortunately as a government group we are not allowed to do food and beverage, so it will just be water.

I look forward to hearing from you on available dates!

L.

Hi Kevan and Lauren,

Lauren, my apologies for the delayed response. We could offer your group a discounted rate for rental of our WAVE Center (usually \$2300, but in this circumstance, we could make the exception of \$1000). The reason for my delay is working out dates with our Director of Video Services. I should have a list of dates by Friday of this week. In the

meantime, I have attached initial information about Mote, the venue spaces (including the WAVE Center), the rental policies, the preferred vendor list, and the catering list (if you are serving food or beverages other than water, someone from the catering list must provide those items). I have also attached a few photos of the space.

I hope this helps but please feel free to reach out with additional questions (or preferential dates). More to come Friday.

Warm Regards,

Hi Lauren

We do have facilities at Mote that would be appropriate for this event. I recommend that you talk with Allison Whitten at Mote Marine Laboratory's main campus to identify the best venue and costs for the public hearing. Her contact information is:

Mote Marine Laboratory & Aquarium

e-mail: awhitten@mote.org

(941) 388-4441 ext 139

I look forward to attending the hearing and providing input

best regards

Kevan Main

On 10/29/2019 5:39 PM, Lauren Lariviere wrote:

Hi Kevan,

I was given your name by Paul W. Zajicek, Executive Director, National Aquaculture Association as a contact at the Mote Marine Lab facility. I am working with the US EPA trying to find a space for a public hearing in January. The hearing will be to get the public's input on permitting requirements for the Kampachi Fish Farm that is trying to build in the federal waters in the Gulf of Mexico.

Ideally we would like a space that can hold up to 200 people (but we're flexible on that). The meeting would be in the evening from 5:30 – 9:30 PM, on any Tuesday, Wednesday, or Thursday evening in January.

I know you may not be the right person to talk to about facility rentals, but I am hoping you may be able to point me in the right direction or forward my email along.

Thank you for your assistance!
